

## Review Access to Automated External Defibrillators (AEDs) and First Aid Kits (FAKs) from GVR Tennis Courts

### Part 3 of 3 – Desert Hills & Canoa Hills Tennis Courts

#### **Notes:**

- (1) Aid Stations incorporate both a Defibrillator (AED) and a First Aid Kit (FAK).
- (2) Recreation Centers at East, Las Campanas, Madera Vista, Desert Hills and Canoa Hills all have Aid Stations close to the main entrance lobbies. The Exception is the West Center which only has an AED?

#### **Desert Hills – Tennis Courts**

No AED or FAK on the tennis courts or any signage as to where they may be found.

However, a small handmade sign can be found outside the tennis courts in the tennis hut to the right of the sign-in desk, directing people to go inside the Desert Hills Lobby to access an AED (see pictures). Of all the six GVR sites and seventeen tennis courts reviewed this was the only sign I found giving directions to the nearest AED.

Exit gates from DH tennis courts 3 & 4.

Note no AED or FAK signage.

DH Tennis Hut sign-in area.

Can you see the AED sign?

This is the only AED sign I found anywhere within GVR.

Stairs to DH lobby.

Note - no signage.

Main entrance to Desert Hills  
Recreation Center.

Which way?

No AED or FAK signage.

Main Entrance to DH lobby.

Aid Station with small AED sign, adjacent to the Custodians office.

## Canoa Hills - Tennis Courts

No AED or FAK on the tennis courts or any signage as to where they may be found.

However, there is a small FAK attached to the wall just to the left of the sign-in position located outside the tennis courts.

The nearest AED and a larger FAK can be found at the Aid Station located within the CH main building in the main entrance lobby area.

To access the main building from the tennis courts, use the North side entrance gate which is locked but can be opened with a GVR card. The alternate but longer route is to walk around the outside of the building and access the main lobby area from the South side.

Note. The Bocce courts are only a few yards away and adjacent to the tennis courts, so if an AED was located on the wall next to the small FAK both clubs could easily and readily make use of it in an emergency. Signage would be required from the Bocce courts directing them to the tennis courts sign-in position.

Canoa Hills sign-in position.

Note small FAK on left.

No AED or FAK signage here or on exits from the tennis courts.

Route to nearest Aid Station  
(again no signage).

Bocce courts are on left adjacent  
to tennis courts.

CH Recreation Center North side  
gate – GVR card operated.

Note no AED or FAK signage.

Route to nearest Aid Station?

Note no AED or FAK signage.

Route to nearest Aid Station?

Note still no AED or FAK signage.

No AED or FAK signage but AID Station is close – take the corridor on the left.

Found it!!

Note small AED and FAK signs.

Canoa Hills Main Entrance lobby.

Aid Station can be seen on the left.

**End of review.**

**Note: Review conclusions and recommendations can be found in the accompanying email which was sent to the Tennis Board on 01/23/2023.**
